**MEMORANDUM FOR:** Chief, Assessment and Evaluation Staff  
Office of Medical Services

**SUBJECT:** Appreciation -- [REDACTED] 25X1A9a

1. This office recently has had occasion to review its criteria for the scheduling of National Intelligence Surveys. In that connection we sought statistical advice from [REDACTED] Chief of your Research Branch. His response was enthusiastic and his contribution considerably beyond the advice we had sought. His complete analysis and suggestions were most helpful in reaching a solution to our problem.
